

MOBIFOTO

Gadgets - Gadgets

Magnetic smartphone grip with ergonomic design that transforms your phone into a traditional camera. Compatible with MagSafe technology for instant and secure attachment. Includes physical Bluetooth controls for two-step shooting (focus and capture), touch zoom and mode button. Compatible with native phone camera and dedicated Pro app. Functional design with textured silicone grip that eliminates fatigue during extended sessions, ideal for professional mobile photography and enthusiasts. Multi-function: Grip enhancement + Bluetooth remote control + DSLR-like stability. Customizable logo available for corporate gifts and promotional use via pad printing.
