MOSQUETODO

Cables - All in one

All-in-one cable with the most commonly used adapters: micro USB, lightning, type C and standard USB. A single cable with everything you need to charge your devices. Also includes a carabiner to attach to your backpack or keychain. Customisable with your logo. NOTES: This cable is not MFI, so compatibility with Apple devices is not guaranteed. It is a charging cable only. It does not transfer data, it only charges

Features

- Adapters: micro USB, lightning, type C, USB
- Carabiner
