

## PULSERALCOL-01

The adjustable wrist band is lightweight and refillable. It comes with a refillable bottle which you use to put your own favourite hand gel. Easily open the side and use the included refill bottle to fill the watch face with hand gel. Open and gently squeeze for some gel to come out. Perfect for adults and kids to keep your hands clean throughout the day. Keep your kids safe as they go back to school. Ideal for runners & walkers, and also for the gym. Easily cleaned & waterproof to ensure it stays germ-free. Lightweight for kids & also sports use. No longer do you need to carry a heavy bottle of hand sanitiser.

**Note:** It is sol without alcohol or any liquid
